

### Global Toyo Procurement Meeting

Toyo Japan Procurement Division organized The Global Toyo Procurement Meeting on the 17<sup>th</sup> and 18<sup>th</sup> April 2008. This meeting was held in Toyo Head Office in Chiba Japan and was attended by representatives from Toyo offices in China, Korea, India, Malaysia, Luxembourg (Europe) and USA.

This year Toyo Malaysia was represented by Rashid Md Sidek (Executive Director), Nasir Hamid (Procurement Group Leader) and Wan Maidah (Deputy Procurement Group Leader). Nasir Hamid made a presentation to all the attendees on behalf of Toyo Malaysia Procurement Group, the experiences we faced in meeting the challenges in ensuring the success of the projects we are carrying out from our Kuala Lumpur office. It is interesting to note that these challenges we are facing in dealing with our vendors in Malaysia are also experienced by some if not all the other affiliates offices. This sharing of information was indeed very valuable especially when we now know that we can also leverage on the strength of all the Toyo offices around the world to mitigate the problems we may encounter in the future.

We, as a group, are now developing and putting systems in place to further strengthened our position as a respectable EPC player on the global stage.

In a short presentation by Mr. Yamada our President: "the procurement group has indeed become one of the major components in ensuring the success of each EPC projects that are being handled by Global Toyo, especially in today's challenging environment."
