

Toyo Malaysia Engineering Department (West Wing) organized a **“Team Building Outing”** to Sungai Klah Hot Spring Park in Sungkai, Perak on 23rd August 2008. Sungkai, Perak is about 90min from Toyo-M office. The park is reputed to be one of the best managed hot springs in Malaysia that has facilities of high standard to make visitors enjoy their outing in comfort.

A total of 19 participants including spouse and children took part in this outing. They all gathered at the main entrance of the park at 9:30am before moving to the canopy specially set up for the group from Toyo Malaysia. The surrounding has beautiful palm trees and the air quality refreshing. Various type of telematch games for adults and children were organized by the resort staff to make the outing trip more fun and exciting. They achieved their goal: to motivate, to communicate, to support and to develop lasting trust within the team. This was a day where we close rank and set common goals! Everyone were rewarded with prizes at the end of the day. All the participants departed from the park at 6:00pm with fond memories of the day’s event. **“A happy Team produces outstanding Results”**.

Lee Chin Yee started her work assignment in Toyo Japan since June 2008 and is expected to be there for a total 6 months. This is an excellent way for our engineer to learn the work culture and work procedures, practiced in our head office besides supporting Toyo Japan to overcome their technical manpower constraint.

Toyo Malaysia is currently at the beginning stage of establishing our own ISMS. An ISMS awareness program was carried out from 18 to 21 August 2008. Toyo-M Staff now understand the importance and sensitivity related to information security within TOYO GROUP. All Toyo-M employees are required to sign a secrecy agreement that relates to ISMS

Information Security Management System (ISMS) is a systematic approach to managing sensitive company information so that it remains secure. It encompasses people, processes and IT systems. BSI published a code of practice for these systems, which has now been internationally as ISO/IEC 27001:2005.

Toyo-M staff with Ms. Elaine Daly

Six lady staff from Toyo Malaysia was selected to attend the above seminar on the 16th August 2008. During this one day seminar they were expose to use the law of attraction for business and relationships, be comfortable in any social setting, built their confidence, character and charisma and how to use the power of colors. And most importantly to find the ultimate passion in the work place as well as in life. During the seminar they also had a rare opportunity to listen to Ms. Elaine Daly a lawyer and former Miss Malaysia Universe 2004 who shared her life’s success and experiences with the seminar participants. She gave her insight on how she achieved her success in life by continuously improving her knowledge and adding value to other people’s lives. - **By Ir. Abd. Rashid**
