

On behalf of the Management and Staff of Toyo Malaysia I would like to take this opportunity to wish all our readers A Very Happy, Healthy and Prosperous 2009.

Toyo Malaysia would like to also express our sincere gratitude to all our clients who have continued to support us throughout 2008.

We will continue to provide our utmost support and dedications and ensure all our projects are carried out safely and diligently.

And not forgetting; we are also very grateful for the support from our vendors, suppliers and subcontractors. Our projects and operations would not have been successful without their dedications and commitment.

We closed year 2008 with our Family Day and Annual Dinner in Sunway on the 20th December 2008 in Sunway Lagoon and Sunway Resort Hotel respectively. This time around we invited our staff, their spouse and children.

The turn out were very good and I believe all who attended (more on 200 adults & children) had a good time throughout the day and evening.

We are all looking forward to a successful 2009!

Shop Functional Test on the December 22-23, 2008 in Milan, Italy

Mr Khoo (HOD QA/QC) and Mr Kenneth Wah were in ABB, Milan, Italy attending the Main Motor Shop Functional Test for one of Toyo Malaysia ongoing projects. They were also accompanied by our client's representatives.

Ebara Elliot Plant in Japan

Mr Khoo (HOD QA/QC) and Mr Afzanizam (Mechanical Engineer) carried out an inspection trip to Elliot Ebara Plant in Sedaugara Plant in Japan. They were also accompanied by our client's representatives.

Lee Chin Yee (1st from right), during her farewell dinner in Japan

Our Process Engineer Ms Lee Chin Yee successfully completed her 6 months assignment in Global Toyo Head Office in Chiba Japan. While in Japan she was attached to the Process Department.

She has gained valuable working experience and has also developed good working relationship with her superiors and counterparts based in our head office. Her assignment has also enriched her with the Japanese work ethics and culture. Despite her busy schedule she managed to do some sightseeing during her weekends. I am sure Chin Yee will have more opportunities to visit our Chiba in the near future and we wish her many more happy years in Toyo Malaysia.

Mr. Majdi from our procurement department who is now undergoing 6 months attachment in Japan is adapting well to his new life and career. Being in a foreign land is the best place to learn the culture of other nation. At the end of this year he had the chance to join Bonenkai Party (Forget the Year Party) hosted by Procurement Division of TOYO Japan.

Majdi (standing 1st from left), during Bonenkai Celebration in Japan

It is customary for Japanese to celebrate Bonenkai in December as a social gathering between co-workers or friends to forget the woes and troubles of the past year.

He is hoping to widen his knowledge of Japanese lifestyle and culture to continue having a meaningful and memorable stay in Japan.

Mr Nasir Hamid (Group Leader), Mr Syahrulnizam and Mr Adi Shamsul; from Toyo Malaysia Procurement Group visited attended the 17th Oil & gas Industry Exhibition 2008 in Suntec City Singapore.

This visit was very useful in updating our Procurement Group Database of international vendors and manufacturers.

Visitor from Toyo Engineering Corporation, Japan

December 3, 2008
Keiichi Matsumoto (Centre)
